"This is the life"

Being the story of an amazing year, 1951, the first gigantic stride into the second half of the century, told in part by the students of Hagerstown High School by way of highpoints of the year's events in pictures and copy . . .

FAREWELL TO H. H. S.

Here in the heart of a troubled world
Is a place where there's love and peace;
The flag of the free flies above unfurled
And it's framed by stately trees.

Here, personalities blossom each day
Under chieftains who know and care—
They guide their braves along this way,
With a wise, yet kindly air.

Far away from the crowded metropolis
In this site of peace and calm,
Our lives are reflected—our misery and bliss—
With a mixture of trust and qualm.

This was our life for twelve short years;
Now it's time to begin our quest,
To sail a sea of hopes, not fears—
Farewell to this, our H. H. S.

—Barbara O'Neel, '51

The Setting For Our

The friendly atmosphere which pervades our school sometimes makes our classes seem of secondary importance; yet underneath we think there is a wholesome and sincere attitude toward our work. We

High School Life

are often reminded, as we look at this beautiful structure, of the advantages we enjoy in these, our United States of America.

Responsibilities and Initiative Are

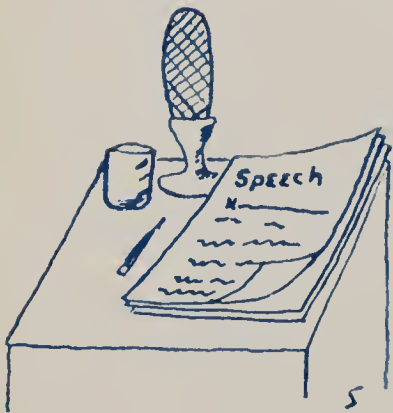

Encouraged By The High School

Club work at H. H. S. offers many fine opportunities for boys and girls to develop their personalities in outside activities. Experience in planning and leadership is one of our educational outcomes which the activities program provides.

Outside Speakers Share

Experiences With Students

One of the most important functions of the activities and clubs at H. H. S. is the program of having community and other outside speakers bring their vocational and unusual experiences to our students. In this way we get first hand information about the world of business and professions.

DIPLOMA

This is the Life . . . In Activities

High School life would be dull without activities outside the regular program. All of us realize that this is the part of life where we are motivated the strongest to give our best.

We Started Out At Top Speed

All through high school we had anticipated a certain goal...To become Seniors. Now we had the privilege of producing our own annual. Everything looked just fine. We had money, talent, ambition, ideas—about everything we needed; but—we did have one difficulty where ideas were concerned, all were different and no one was willing to give in.

After several meetings we agreed

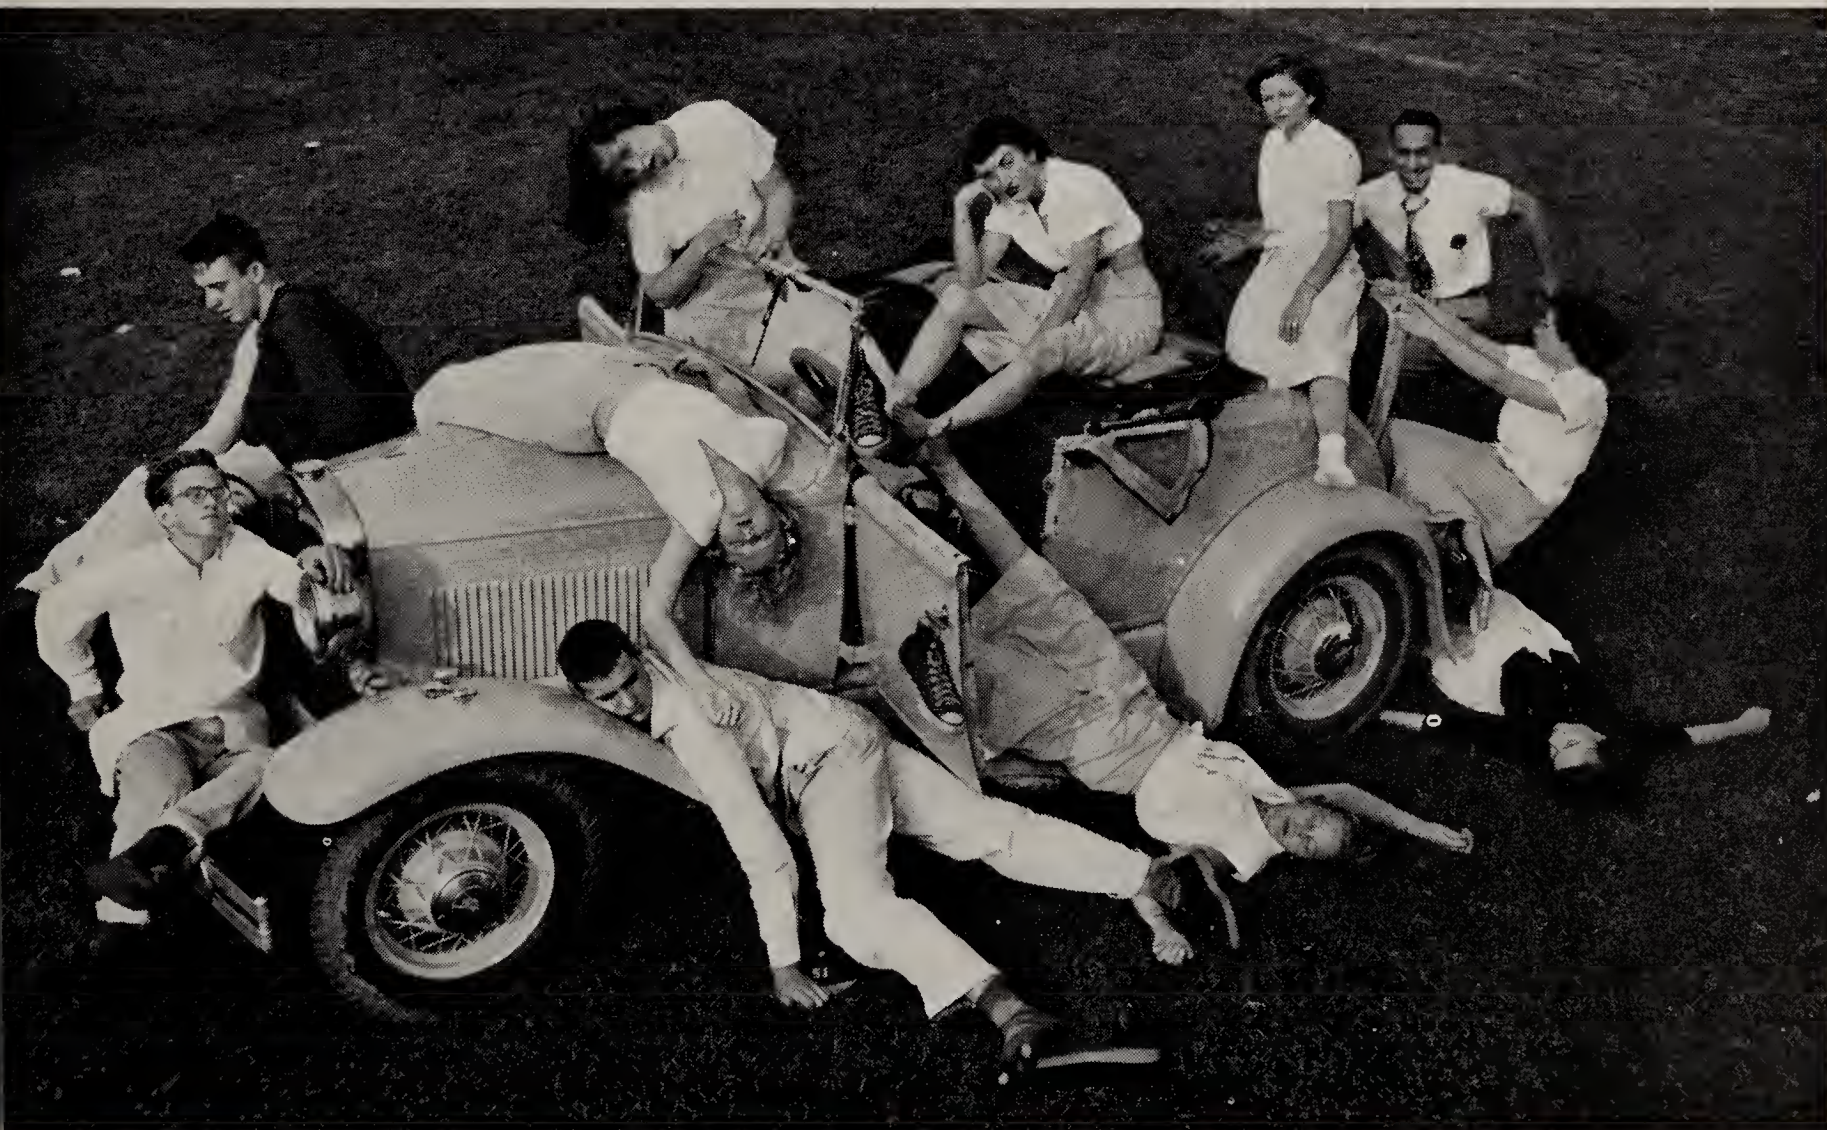

on one thing—our theme, but how to express it was also a question: **This** is the **life** seemed to suggest what we all had in mind. Then finally our ideas began to take a definite form. The result of that planning now becomes a reality in picture and story. The 1951 Seniors proudly present it to youTHIS IS THE LIFE.

The Mother Of Success Is Ambition

The Y-Teens have had many worth-while projects this year. They have worked hard to prove that a "Wise Teen is a Y-Teen."

The theme followed for meetings was vocations open to women. Business women who were on the programs include Mesdames La Mar, Fox, Hogue, and Davis.

The highlight of the season was the Mother and Daughter Banquet on March 6, 1951, with Mrs. Mabel Duncan Kemp of New Castle as speaker. The topic, "The

The Father Of Success Is Work and Fellowship

Hi-Y marches on! With their goals set high and their hands willing to work, the Hi-Y club enjoyed a splendid year as they worked to improve our high school.

The purpose of the Hi-Y club is, "To extend throughout the school community high standards of CHRISTIAN CHARACTER."

October 19, 1950, the Hi-Y fifth district fall conference was held at H. H. S. This was planned and carried out entirely by the boys. The conference was called "tops" by several of the state Hi-Y leaders.

Some worth-while projects accomplished included the printing and distributing of home game basketball programs and the posting of slogans and mottos above the entrance to room 26. The basketball schedule board above the entrance to the gym was also made possible by the Hi-Y.

A large delegation of boys attended the Older Boys' Hi-Y Conference at Elkhart during November. An even larger delegation attended the Spring meeting at Marion.

The annual Father and Son Banquet program consisted of a skit, and a speech by a former major league umpire, Mr. Harry Giesel, who talked about his experiences.

Combining with the Y-Teens, a closed skate for the Hi-Y and Y-Teen members only was held the first week in April.

Hi-Y officers are Jerry Lindley, president; John Ulrich, vice-president; Bill May, secretary; Francis Stohler, treasurer; Dale Clayton, chaplain; Ernest Upchurch, sergeant-at-arms; Roger Murray, social chairman; and our very fine adviser, Mr. Dick Wright. Mr. Wright left us near the end of the last semester. We shall remember him as a very capable leader who thought of others as well as himself. Mr. Nichols became sponsor for the rest of the year.

And what kind of homes would we have without the training that the FHA offers the girls of Hagerstown High School? Under the guidance of their sponsor, Mrs. Wible, and their capable president, Betty Lou Lindley, F. H. A. sponsored many activities such as the initiation of members, the sending of scrapbooks to children in hospitals, a bake sale and dance to raise funds, and a tea for the installation of members.

The Boys' 4-H Club has been working with vigor to live up to their motto: "To Make the Best Better!"

Some of their various projects are gardening, poultry, and livestock production. This year our own Robert Harris became the National Junior Corn Growing Champion of the United States. And so to Mr. Mobley, their sponsor, and to the members, we say, "Keep up the good work."

Guardians Of Our Life

Junior Red Cross is a volunteer organization of which nearly every student, including seventh and eighth grades, is a member.

The first important project of this year was the presentation of the play, "Joe Student Meets Junior Red Cross," written by the sponsor, Miss Rust.

Junior Red Cross sponsored a benefit variety show April 12. Other projects include making holiday favors and joke books, collecting used pencils and pocket-book novels for veterans, and making correspondence albums.

Gerald Metsker was president of the Wayne County chapter this year.

Daubers All

One group that helps to develop our creative ability is the art department, under the direction of Mrs. Jane Nichols.

Many outstanding projects such as leather, model making, figurene painting, and textile painting have been offered this year along with the usual fine arts and crafts. All calls for help on poster and decorations have been graciously answered too.

This is the life—to be “daubers all.”

And The Band Played On

All you hear is music, music, music the first period when the H. H. S. band is rehearsing in the gym. After much campaigning, the band has raised enough money for new uniforms and when everyone saw them they were quite pleased with the effect. They are now considered one of the best dressed bands in the county.

April 21 the band entered a contest at Noblesville.

Under the able direction of Walter Anderson our band has become something of which we are proud.

Steppin' Out

Strutting their way into the hearts of the townspeople, the twirlers really stepped out this year. Their lively routines and peppy spirit added a lot of color to the basketball games. One of their cleverest programs was their interpretation of Santa with his sleigh, eight reindeer—and Rudolph.

The Younger Set

These boys and girls are on the spring board to achievement. Their goal is to learn as much as they can about music so that when they enter high school they will be eligible for the A-Band.

Considering the youth and inexperience of the group, a lot of fine music can be heard when they practice.

Sweet Music In The Air

Soft and low, loud and strong—the choir sends a blend of tone through the air.

The choir has been busy this year. "Tulip Time," presented on November 3, featured gay Dutch people and smart American students on a tour of Holland. Clever songs and simple dances made the operetta a musical success.

The choir combined forces with the Senior speech class to present a Christmas candlelight service. It was a beautiful way to start the Christmas holidays.

Good Friday services, Connersville festival, state contests, and Commencement were some of their other performances directed by Mr. Anderson.

This is the Life . . . In Interests

The subjects illustrated on the following pages are the features to which we look forward each day. These are the subjects that stand in the limelight of our High School career.

The Littlest Angel Fell Head Over Halo

Christmas Time—one of the most important times of year in our life. Not only does it mean presents and parties but it has its serious side, too.

The Senior speech class under the direction of Barbara Kirk, and the choir directed by Walter Anderson presented one of the outstanding Christmas programs in years, a choral reading of "The Littlest Angel."

Choral reading with musical accompaniment is something that, until this year, has never been presented at H. H. S. It was something completely new to the Speech class but they presented it with finesse.

Some Enchanted Evening

Swaying palm trees, thatched huts, and jungle animals greeted Juniors and Seniors attending the Prom last year when they left their ship for the beautiful island of Bali-Hai.

Leis, programs, and crepe paper orchids were favors.

Seated in front of a giant shell, Bill McConnell and Reba Wilson were crowned King and Queen of the Prom. They each received flower leis and crowns of flowers.

As the evening came to an end, we bade "aloha" to a wonderful and fun-filled evening.

SPEECH CLASS

Second row: B. O'Neel, P. Hoover, A. Chapman, F. Stohler, J. Jarrett, R. Wilson.

Back row: J. Ulrich, P. Mitchell, J. Jackson, B. Wiggins, Miss Kirk, B. Brown, J. Lindley.

“Unaccustomed As I Am . . .”

These words were heard at the beginning of the year in Speech class. First, we were taught by Mr. Beasley, who was called away by “Greetings, from the President of the United States,” then by Mrs. Ermadine Smith, and last but no means least Miss Barbara Kirk.

Ten second pause! Lower your voice! Debate! Relax! Smile! Outline! Don't Memorize! Be forceful! Read together! Enunciate! Don't argue! Wipe that grease paint off the desk! Underline your sound cues! Open your mouth! Discuss! All these things were pounded into our thick skulls all year.

Twice during the year the Speech class presented skits to the school. The first one was before the Invitational Tourney and was a grand success with pie slamming, water squirting, and raw oysters. The second one was to send our team off to the Sectional Tourney. Again they were lead to a royal start. The trip was a little out of the way, down through deep, dark Africa, with native girls dancing and drums beating but we could really say, "Mission accomplished." Besides presenting these skits, a Christmas program was given with the choir.

It Couldn't Be, It Isn't! But It Is, Eek! *The Bat!*

Music, thunder, lightning, rain, and a revolver shot, added to a tense dialogue produced weird effects when the Seniors unraveled Mary Roberts Rinehart's famous mystery play, "The Bat." The play was based on the story, "The Spiral Staircase." Pete Mitchell turned out to be the unsuspected "Bat."

Cast and crews worked together to put on a superb show which gave them something of a "professional" stage feeling. The play was directed by Miss Barbara Kirk.

“*Mother Is a Freshman*”

Junior class members presented this popular comedy which concerned the sometimes uproarious adventures of a young, attractive mother who was forced to attend college with her indignant daughter. It was more involved as Abigail and Professor Michaels fell in love and poor Susan found herself “out” with the professor. As was expected, it all ended happily. The play was skillfully directed by Miss Barbara Kirk.

A Government Of The People, By The People, And For The People

In the Social Studies classes, Mrs. Devine teaches that our way of life is the most important thing in the world to us. Unless the students of today, who will be the citizens of tomorrow, study and learn to use the principles which are stated for us in the constitution, we will lose our form of government which is our life.

A feature of the school year was the election parade for which the Seniors received a good citizenship award.

The Juniors and Seniors attended legislature sessions in Indianapolis again this year. At the lower left the Seniors as they are ready to leave for Indianapolis, but don't let their jovial mood fool you. They benefited greatly from the visit and when the time came for serious thinking all joking was put aside.

The Majors

Majors in Business Education include those students who will have at least six credits in that field at the end of the school year. A new course, office practice, was made possible by the addition of three new calculating machines. In addition to their regular office practice class work, students do duplicating work for school and outside agencies. Other courses included are advanced shorthand and bookkeeping.

And The Minors

Business minors are those students who are taking beginning typewriting, beginning shorthand, business arithmetic, business English, and bookkeeping. An encouraging note is that more boys are becoming interested in the business field which is so vital to their future needs.

Action Speaks Louder Than Words

Shop boys, under the direction of Mr. Sedgwick, are being instructed in a vocational field which tends to co-ordinate the hands and the mind. By the sweat of the brow and the blisters of the hand, these young men are striving for the betterment of all by using bolts, wrenches, punches, and saws in the best interests of themselves, the community and the school. Some of these boys are able to go right into industry as top-notch toolmakers.

Better Things For A Better Living

Experiments, test tubes, formulas, and unexpected incidents fill a science student's day. The students that are taking these courses realize the very important part that science is playing in the world.

Onesy-Twozy Equals Math

Einstien says that the world is made up of math. This year Mr. Lester and Mr. Nichols slaved to drill the ones and twos and X's into our craniums.

In this technical world in which we live, we are beginning to realize that $2x + 5y^2$ may equal our future.

Girls and boys, here's your chance. Do you have a special friend to whom you want to send a special valentine greeting? Joyce Ritchie, a second year Latin student, has the solution. Write your verse in that language of romance, Latin.

Under the direction of Miss Rust, Don Hilbert and Charles Walters (Latin II) and Bill O'Neel and Phyllis Frame (Latin I) entered the annual Latin contest. All four contestants made a fine showing.

The most outstanding day in the lives of the Latin students was April 20 when the class had their annual Roman banquet complete with togas and slaves.

South Of The Border

This was a big year for Spanish at H. H. S.—a larger enrollment, new texts and recordings, as well as increased interest on the part of the students, all made for higher achievement.

The language phone method was used this year in Spanish. This is a series of records of Spanish conversation with exercises provided by a native Spanish professor. How cosmopolitan and learned we all feel when we emerge from Spanish II.

This is the Life . . . In Sports

The joy of triumph, the sorrow of defeat, and the feeling you receive from watching keen competition . . . you will find memories of all these portrayed on the following pages.

In Sports there is a unifying experience shared not only by the High School itself, but by the whole community as well.

Basketball Team Looks Good; Wins Own Tourney

Although they didn't have such an impressive won-lost record, this year's Tiger team was one of which H. H. S. should be proud. Coach Wright's boys played some good games against tough competition and there are few schools, if any in the state our size, that play as good a schedule.

Of the teams the Tigers played, six won sectional tournament championships, and one—Batesville—was a member of the state's "Sweet Sixteen." Some of the games in which the boys played exceptionally well were those with Greenfield, Winchester, Portland, Centerville, Liberty, and Lawrenceburg. They won the Invitational Tourney and advanced to the semi-final round of the sectional before losing to Cambridge City, the eventual winner.

Since only three squad members are lost by graduation, boosters of the Purple and Gold are looking forward to the 1951-52 season.

Coach Dick Wright

Coach Richard Wright has done a swell job of coaching the Tiger basketball, golf, track, and baseball teams during the three years he has been at Hagerstown. We are proud of him because he was responsible for many H. H. S. victories and has produced fighting teams.

Mr. Wright has now left us to enter private business, so we take this opportunity to say, "Thanks, Dick, and good luck."

TIGERS VS. WAMPUSCATS

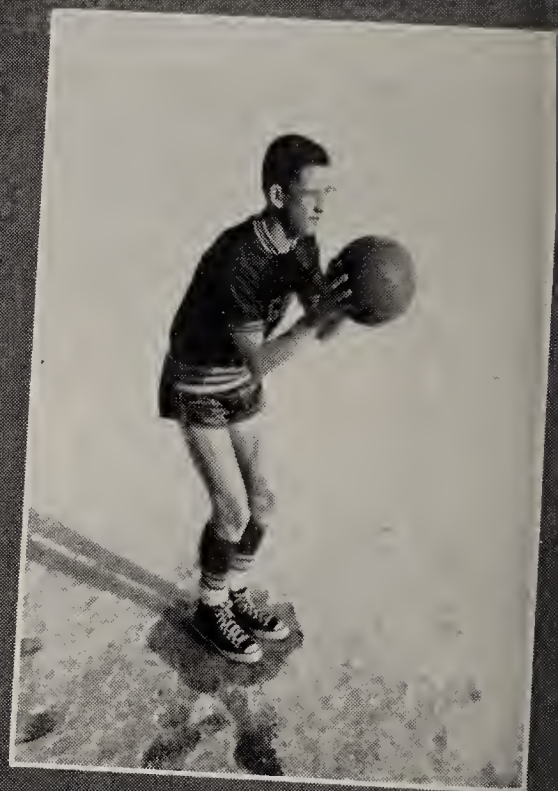

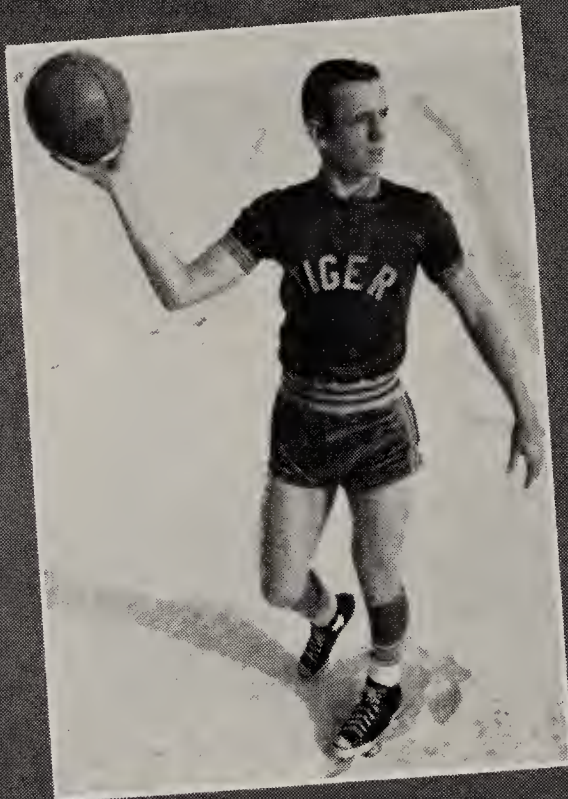

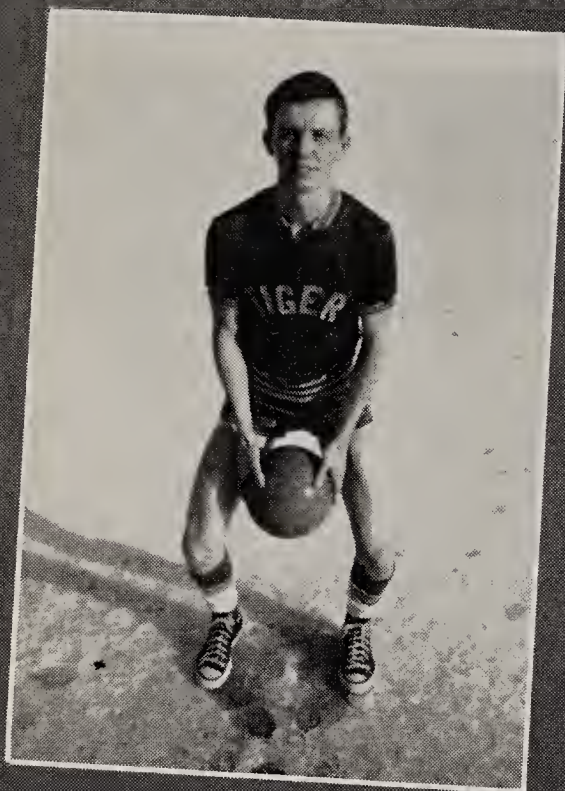

Our Stand By

For four years Francis has been the boys' STAND BY. His shoulders were broad when troubles and complaints came his way, so Francis should be honored at this time for his fine work in the years he has served good old Hagerstown High.

AH, YES, THIS IS THE LIFE

Our Fighting Tigers

Dick Corbitt (Senior, guard)—Dick was always in there grabbing the ball off the defensive backboard or pressing the opponents. His one-handers have helped many times. He was a three-year varsity man.

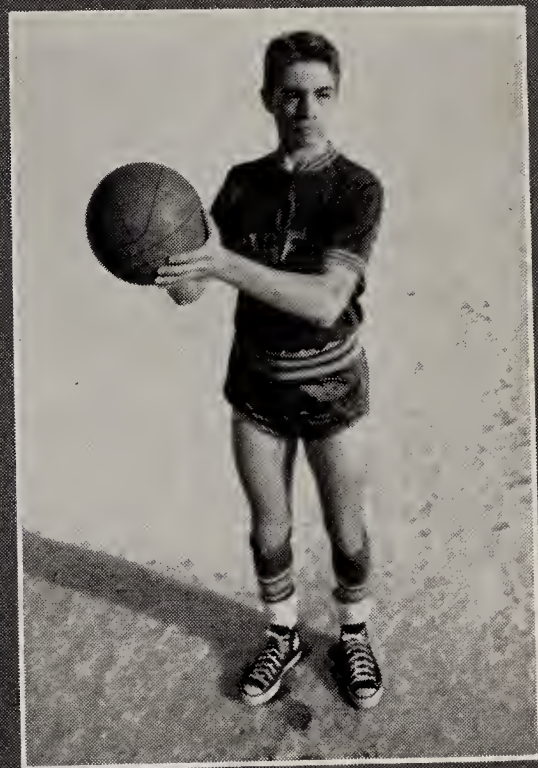

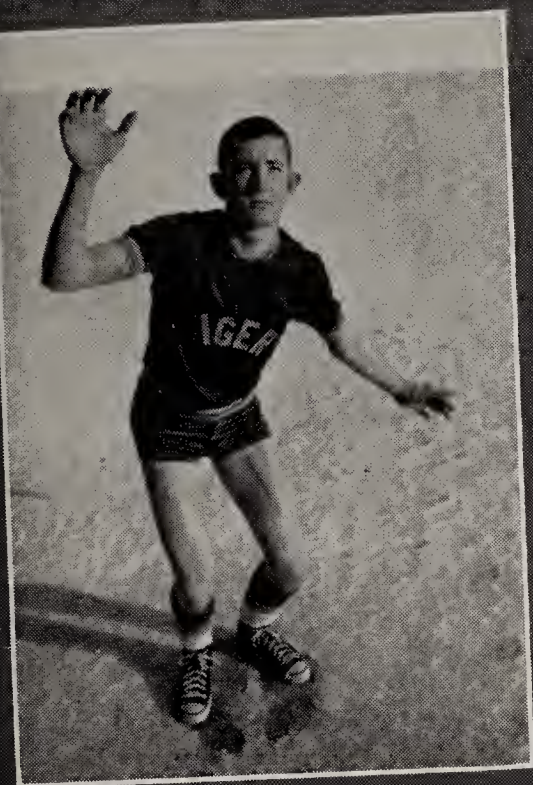

Jack Jarrett (Senior, guard)—Another three-year man and he, too, will be hard to replace. Jack alternated at forward and guard. He was a dead shot from out on the court and was second high scorer.

Bud Wiggins (Senior, center)—Bud did a lot of good rebound work and occasionally scored in the double figures. He too, was on the first team for three seasons.

Don Hilbert (Junior, guard)—Don, a substitute, looked good whenever he went into action. He was a good rebounder, defensive player, ball-handler, and play-maker.

Ramon Meeks (Junior, center)—A big boy who really knows how to take care of himself. Ray grabbed a lot of rebounds and always managed to break into the scoring column.

John Ulrich (Junior, guard)—John is a little hotshot who can drop-them-in with a deadly one-hand shot. He knows how to work the ball and set-up scoring opportunities for teammates.

Our Fighting Tigers

Homer Andrew (Junior, forward)—Homer was always in there fighting for the ball, no matter who had it. He was a reserve, but did his part when sent into the game. An all-around athlete.

Phil Bond (Junior, guard)—One of the most improved players of the year. Phil jumped-up from the "B" team and was one of the first reserves to be called upon. A good defensive player.

Dale Clayton (Junior, forward)—Dale is as fast and peppy as they come. He can hit the basket from all angles and really goes on a fast break. He is a hard worker.

Ernie Upchurch (Junior, forward)—Ernie really makes a showing under the basket and is also good on defense. He was high scorer with 264 points and will be a mainstay next year.

Charlie Walters (Junior, center)—Charlie alternated at center and guard but plays a good, hard game anywhere. He is fast and tricky, a good backboard man, and should be tough next year.

Bob Talbert (Sophomore, forward)—Bobby worked into a starting position the last part of the season and added speed to the lineup. He was third high scorer and should be a big help the next two seasons.

"B" TEAM

Future Tigers

This year's "B" team, with five freshmen and five sophomores seeing action, showed great possibilities. Coached by Mr. Hoffman, they won 9 games and lost 11; they won the second team tourney at Brookville.

Classy Baseball Team Ties For Third Place In League

The Tiger Baseball team was one of the best turned out at H. H. S. in several years. Coached by Mr. Wright, they won six games, lost three, and finished in a tie for third place in the Wayne County League. They had a chance to win the league title, but lost two games during the last week of the campaign.

A feature was the team's fine defensive play as six players had perfect fielding averages. Their best game was against Webster on Sept. 25 when Marion Culy pitched no-hit ball. Center fielder Glenn Miller, Jr., was the leading hitter batting at a .400 clip.

Jr. High Team Brightens Prospects

The prospects for Tiger teams in future years are bright, one reason being the Jr. High squad that won 14 out of 17 games. Under the direction of Mr. Nichols, the boys worked long and hard on fundamentals and played a rugged schedule. They won the Four-Team Tourney here in January.

Keep Your Eye On The Ball!

Once again spring rolled around and Golf and Tennis were popular sports at H. H. S. Our golf team, with five veterans from last year, should have had a fine season. The tennis boys were also very capable and should have won their share of matches.

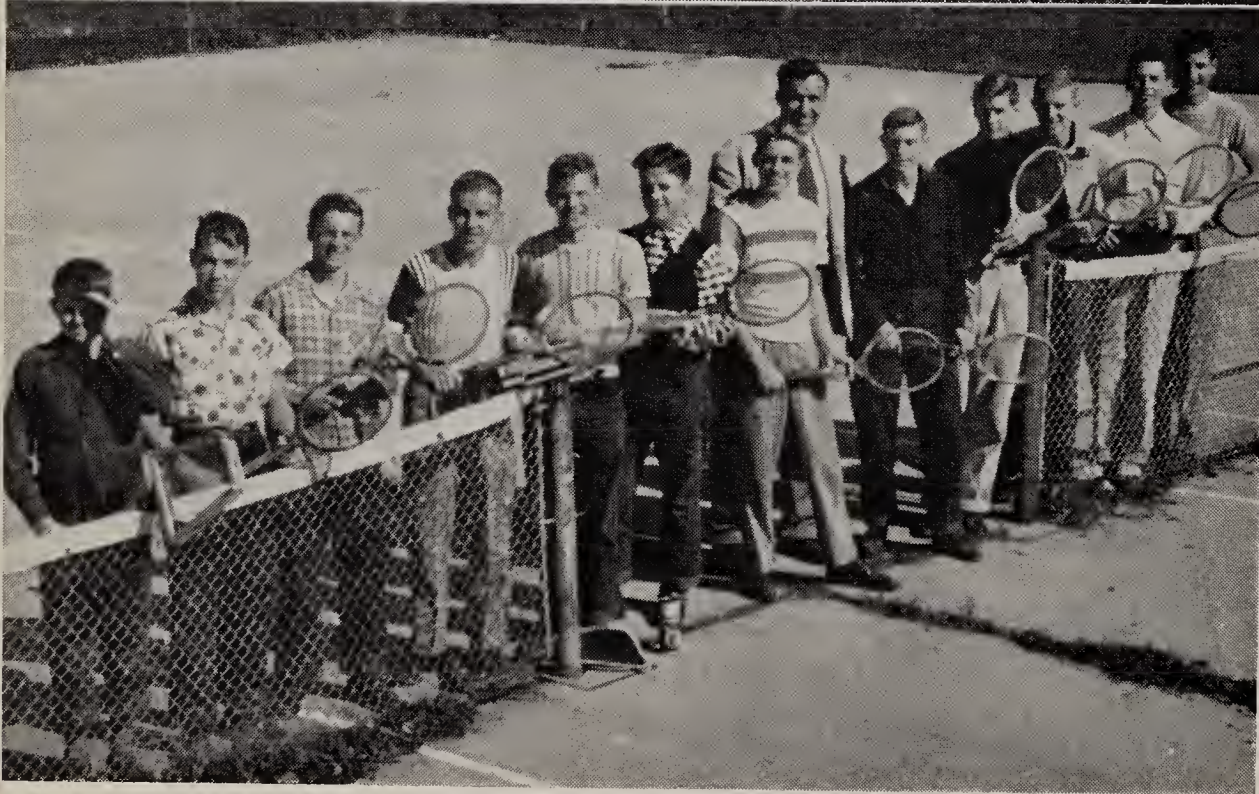

Probable opponents in golf were New Castle, Richmond, Muncie Central, Anderson, Batesville, Washington of Indianapolis, Broad Ripple, and Connersville. The state meet at Indianapolis was also on the schedule. Tennis matches were scheduled with Richmond, New Castle, Connersville, and Muncie Burris.

On Your Marks! Get Set!!

With several lettermen back from last year's team, we were looking for the track squad to have a successful season. The season hadn't started when the EPITOME went to press, but Coach Hoffman had several meets scheduled. The schedule included Spiceland, Richmond, Cambridge City, New Castle, Knightstown, Centerville, Eaton (O.), Sulphur Springs, Webster, Greensfork, Williamsburg, and Fountain City. The team was to participate in the East Central Conference and State meets.

The cross-country squad ran in the conference meet at Liberty on October 14, and placed third in a ten team field.

Flashbacks Of Fifty-one

As we glance through the dust-covered records and delve into the dim past, we can recall many of the highlights and never-to-be-forgotten experiences of our school careers.

As Freshmen we were quickly initiated into the class of nobodies. Many a high ideal was crushed when we painfully discovered that a Freshman is the lowest form of student life. But we were all busy getting acquainted with our new classmates and were beginning to get into the swing of high-school life.

During the Sophomore year, we sold Christmas cards and beanies to raise money. Our Sophomore dance was very popular and has since become an annual event.

Our Junior year held many new experiences for us. We chose class rings; then, under the direction of Mr. John Beasley, staged a gay-nineties melodrama, "The Curse of an Aching Heart." Each edition of our paper, "Wha-Hoppended," was eagerly awaited by all. Finally, to end a bang-up year, we entertained the Seniors of 1950 at the spring Prom, "South Pacific."

Time passed swiftly. We became Seniors, and with that feather in our cap, settled down to the greatest year of all. We presented a successful carnival and, under the direction of Miss Barbara Kirk, produced the hair-raising mystery, "The Bat." We spent a very worthwhile day in Indianapolis visiting the State Legislature.

As these memoirs go into print, we are preparing to conclude our reign as Seniors. And our recollections have made us realize more vividly than ever before that our days at H. H. S. can be summed up into these few words... "This is the life."

Juniors Of '51--Seniors Of '52

The Juniors of '51—the class who will soon be taking the honored and lofty status as "the Seniors of '52"!

But what about their Junior year?? First they started the year off with a bang and showed their ability as editors by producing the "Junior Jossip"—the most widely read paper at H. H. S.

Bake sales, ball-game dances, and many other enjoyable projects helped to fill their bank account to meet expenses of the Prom.

It was next discovered that they had not only an eye for art when it came time for choosing class rings—but also some unusual talent was discovered in the dramatic field. This was displayed in their first play, "Mother Was A Freshman."

Considering their past victories and efforts, as well as their possibilities in the future, we, the Seniors of '51, wish you the best of luck in the world as you, too, take the status of Seniors and become "the Seniors of '52."

Sophomores--Upperclassmen Of The Lower Classmen

To start off a busy year, the Sophomore class party, a hayride, was a rip-roaring success and thoroughly enjoyed by all. A bake sale proved very profitable and is due to be repeated soon. "Superstition Stomp" seemed a very appropriate name for the annual Sophomore dance held on Friday, the 13th of April.

Freshmen

The happy spring breezes that blew in from over the hills turned out to be our Freshmen. For some of them the going was a little tough at first but after a few days they began to perk up and look pretty bright (especially with the lights turned on).

Nevertheless, the freshmen are always in a hustle and a bustle—seeming always to be spurting out energy. They have started out in a most enthusiastic manner in all their activities and from all indications will continue that way.

Miller follows Babe Ruth as outfielder-in-chief
For the New Yank Yorkees—oh oh, what grief.

Reba and Bill (McConnell, that is)
Have started a program on "What True Love Is."
Good old Francis and Horty Culture
Are doin' swell—they really oughter.

Counting matches is Murray's dream.
In this higher math he's on the beam!
Count on Pat Wampler for lovelorn advice,
And choose Janet Werking for a gal to entice.

We've just learned the histories and lives of our grads,
Their fun and their sorrows, traditions and fads.
We all hate to leave—but need to start home,
Now that we back to our dear school did roam.

We'll keep moving on to the end of our days
Dreaming of our long-past 29th of May.
While our deeds a path of glory burn,
Let's all settle back and watch the century turn!!!

Last Will and Testament, Senior Class of 1951

We, the members of the Class of One Thousand Nine Hundred and Fifty-one, A. D., of Hagerstown-Jefferson Township High School, of the Town of Hagerstown in the County of Wayne and State of Indiana, being of sound mind and memory, and considering the uncertainty of this frail and transitory life, do, therefore, make, ordain, publish, and declare, this to be our last WILL AND TESTAMENT:

Karen Asche wills her locker to Tommy Wright—so that he can reduce by getting bumped whenever someone opens the doors.

Nelson Atkinson wills his middle name to Bob Davis—'cause "Ellsworth" has such distinction!

Susie Barnard leaves her slenderness to Jean Rhoades.

Willettta Barnhart wills her talent for writing notes in class to Don Van Ostrand. The poor boy, he always gets caught, no matter what he does!

Juanita Bell gives her figure to Ruth Moles.

Geraldine Bicknell bequeaths her infectious giggle to Kay Gray—what a combination!!!

Jayne Bookout wills her job as first period office girl to Sheila Brooks. Maybe she can reach the loud speaker button.

Tom Bowman leaves his sporty clothes to Doug Davolt. He likes them, too.

Bill Brown wills his height to Larry Ochs, so he can see on top of the lockers.

Marjorie Bulmer wills her enthusiasm to June Williams.

Marilyn Messer Burgess leaves her lost freedom to Ruth Pitts and recommends that she use it while she can.

Annadell Chapman wills her dramatic ability to Ronnie McFarland—to help him along in his minstrels.

Martha Clark leaves Mr. Baughman's tape measure to the Home Ec. Department. It belongs there.

Dick Corbitt bequeaths his place in Mr. Baughman's office to next year's Senior President if he can find some glue to keep Mr. Baughman there—and some eau de Cologne to keep the other folks out!

Louise Coy leaves her shoes to Nancy Allen. **She** never uses them, and Nancy wants some heels soooo badly!

Blair Davenport wills the Driver's Education car to Ernie Upchurch—comes in mighty handy!

Patty Dishman leaves her athletic ability to Miss Chipley—to distribute as needed.

Bill Durbin wills his instability in class to Dale Clayton—variety, you know.

Joe Eatherly bequeaths his "laugh manuals" to Marilyn Dodd. She collects them.

Rheta (and Kenny) Eilar will their love letters to Laborn Morrison if he solemnly

promises to keep them posted on the bulletin board in Room 26.

Joyce Finchum leaves her high and exalted position in the library to Jacquie Shock—if she doesn't gossip.

Bill Franklin saved his boxing gloves for Mr. Baughman (for you know why).

Kelton Gray wills his shop ability to Bob Timmons. He needs it!

Barbara Grubbs wills her nose to Charlie Walters. Barb, How did it get so pug?

Jean Ann Head donates the Drugstore Streetcar (her li'l blue auto) to the "A" students in Mr. Wright's Driver's Ed. class.

Gerald Hilbert wills his motor scooter to Sybil Taylor so she can catch her man.

Harold Hilbert wills his ability to walk on his hands to the janitors—it's easier to find stuff under the lockers.

Don Hinshaw leaves Shirley to anyone who's small enough to get in the locker with her.

Pat Hoover regretfully leaves her locker to Eunice Hays. It has such a nice location.

Joyce Jackson wills her dependability to Ardetta Kenworthy.

Jack Jarrett bequeaths his address book to Bill Creekbaum (Jack is giving up women).

Jerry Kennedy wills his ability to catch suckers to Earl Johnson.

Meredith LaMar wills his flaming tresses to Beverly Crull so she can add another color.

Betty Lou Lindley leaves a pass to every underclassman. She has enough to go around and plenty left over.

Charles Lindley wills his technique with the donkeys to Barbara Owens.

Jerry Lindley leaves his sack lunch to Bill Cromis so he won't have to mutilate everyone in the cafeteria line.

Norma Martin turns her sneeze? over to Pat Shock—if Pat uses it to her advantage as Norma did.

Bill May wills his memory for license plates to all of the back-road cruisers.

Bill McConnell leaves the Seniors' money to anyone who can find it.

Janet McGeorge bequeaths her absence reasons to Iona Bertram who never seems to find any.

Glen Miller wills his ability to get homeruns to Skinny Willard.

Pete Mitchell gratefully leaves his job as student director of the band to Jane Ann Peirce. Have fun, J. A.!!!

Fred Moyer fondly wills his vocabulary to Tony Hoover. Poor child.

Roger Murray wills his technique with children to Mr. Anderson.

Barbara O'Neel wills her mirror to Mildred Wilson and all others who use it regularly.

Dick Parsons leaves his track legs to Smitty Doughty—or does he need them???

Pat Parsons wills any (??) spare test tubes to Sarah Small. If she decides to take chemistry, she will need them!

Lois Pollitt leaves her alto voice to Monica Fitzharris if Monica can be two places at once.

David Reneau wills his nightlife to Tommy Root—such fun!!!

Don Scott wills his six inch pipe to Rex Brooks—if it doesn't weight him down.

Jack Scott leaves his bus to all HHS inhabitants who like to miss their first period class.

Betty Shank wills her serving job in the cafeteria to Betty Craig—if she can keep her mind on her work.

John Sharp planned to will his Studebaker but he couldn't find it.

Jim Shock leaves his Japanese accent to Miss Rust. Now she can be a triple threat—Japanese, Latin, and English.

Georgiana Sinex leaves the candy key to anyone that has a tapeworm and has nerve enough to satisfy that "between-class hunger."

John Snyder leaves his job as Secretary of Treasury of the United States to Vic Creekbaum (Vic's so good in math, you know).

Francis Stohler wills his job as manager of the team to Jimmy Lester, provided that Jim doesn't lose his sense of humor—he'll need it.

Sam Swim wills his friendly grin to Maribelle Hayes—for a change.

Mary Swoveland wills her cafeteria job to Margaret Walker if she can stand the tornados.

David Teetor leaves the bell on his car to Dan Brown, so the local racers can hear him coming!

Jerry Ulrich wills the Hagerstown Hardware Store to the Museum of Science and Industry—so they'll have everything!

Patty Wampler wills her books to Bob Hodson. "You're welcome."

Deborah Werking bequeaths her trapping technique (of men) to Clona Smith. Take your time!!!

Janet Werking leaves her talent for collecting "Jims" to Susan Rinehart. Susan already has a start.

Bud Wiggins wills his job as Editor-in-Chief of the **EPITOME** to any Junior strong enough to carry a sledge-hammer.

Reba Wilson wills her quiet ways to Pat Casada—for obvious reasons.

Clova Worl wills her front seat in bookkeeping to anyone willing to get her own lesson.

Doris Wright leaves John's car to Phyllis Davis (they always have it anyway).

We do hereby make, constitute, and appoint our Superintendent Frank M. Cory sole Executor of this, our last Will and Testament, and it is our wish, and we do hereby request that he may not be compelled to give any bond or security as such Executor; and we do hereby revoke all and every former Will by us made.

In Witness Whereof, we have hereunto subscribed our name and affixed our seal, the Twenty-ninth day of May in the year of Our Lord One Thousand Nine Hundred and Fifty One.

SENIOR CLASS OF 1951

Signed by the said Senior Class of 1951, and by them declared to be their last Will and Testament, and attested to by us as witnesses thereto, in his presence, at Hagerstown, Indiana, this twenty-ninth day of May, 1951.
